

HumaSoak™

Original Unscented

Oregon Lavender Essential Oil

HumaSoak™ bath powder is a highly concentrated soaking remedy made from ancient humus deposits. A small amount of HumaSoak™ is equal to large quantities of peat or spa mud.

Demonstrated benefits include detoxification, skin conditioning, enhanced circulation, deep muscle relaxation, and increased energy.*

DIRECTIONS FOR USE:

Add 2 tsps HumaSoak™ to hot bath water**

Add one tablespoon for an oversized tub (50 gallons).

Slip in when temperature is comfortable (near 105 degrees).

Soak for no more than twenty minutes. If you become dizzy or overheated, exit the tub.

For maximum benefit, soak nine times in the first three weeks, and reduce to once a week thereafter.

Drink plenty of water before and after soak.

**For optimum results, dechlorinate bath water prior to adding HumaSoak™.

Before using HumaSoak™

Consult your physician if you have any of the following:
pulmonary or cardiac conditions, circulatory condition,
respiratory abnormalities, hypertension,
or if you are pregnant.
